

# MENTORSHIP & TRAINING

*Bringing first-hand experience to acting administrators to prepare them for their Class C Certifications*

Through working virtually with LTB Leadership for an entire one-year period, future administrators will experience each task that arises in the municipal system regarding their roles and responsibilities.

LTB Leadership uses a “*Coach Approach*”, which asks questions so the client can explore solutions on their own and better understand the processes involved in their daily activities. This method promotes retention of learning giving clients a better handle on implementing their new skills in their career.

## Virtual Training

Flexible hours without the time and costs associated with mileage. Gain practical skills using a variety of computer programs & platforms.

## Educated & Experienced

Offering 15+ years experience in municipal government (*Class A Certification*); Master's degree in Leadership; Certified Executive Coach; Certified facilitator for Core Strengths & SDI 2.0 personal assessments.

## Confidential & Trustworthy

Your privacy and confidentiality is of the utmost importance. Committed to staying abreast of changes in legislation.

## Continued Learning

Constant learning & participation in workshops offered by provincial associations & other relevant organizations.

## Peer Approved

Past & Current Mentorships:  
*Contact info available on request.*
